

# Follow the Central Navigation Route please when entering or leaving the Sendai Port Area

## Refrain from navigating between the offshore and the south breakwater

- Vessels entering or leaving the Port of Sendai-Shiogama Sendai Port Area must navigate properly in the water indicated by the buoys in the port and follow the Central Navigation Route when entering or leaving the port in accordance with the Ship Safety Usage Standards .
- Some vessels had took shortcut between the offshore and the south breakwater which ended up entered the aquaculture facilities in the past.
- Regardless of the duration of the aquaculture facility, please comply with the contents of the Ship Safety Usage Standards when entering and leaving the port.

※ the Ship Safety Usage Standards :  
a compilation of matters to be respected by administrative agencies and port users
